# SCENAR TRAINING

General Scenar Concepts - Composition of Scenar Procedure - Stress and Pain Management - RISTA-Diagnostics

New York - Stamford, CT

November 13-18, 2009

## INVITATION

The organizing committee is pleased to invite you to SCENAR TRAINING to be held in Stamford, CT on November 13-18, 2009.

The training is open to everyone with or without previous SCENAR experience. The training starts with introduction to Scenar technology and **General Scenar Concepts**. The training will allow participants to easily and rapidly get Scenar techniques and develop the practical skills to more advanced levels.

**Composition of Scenar Procedure in Cosmetology\*** with practical application in Cosmetology is designed for SCENAR practitioners who are specializing in Cosmetology and Dermatology. During the 3-day training Dr. Subbotina will present skin care Scenar application techniques along with composition of a Scenar procedure and treatment design.

**Stress and Pain Management\*** is an advanced course taught by Dr. Revenko.

**RISTA-Diagnostics in SCENAR-Therapy** is a new course introducing a full diagnostic technique based on meridian reflexology concepts for the optimization of SCENAR-therapy.

### SCENAR THERAPY COURSES: lectures and hands-on

November 13-14	8:00 am – 5:00 pm	<b>General Scenar Concepts: Theory &amp; Practice</b>	Dr. Subbotina
November 15-17	8:00 am – 5:00 pm	<b>Composition of SCENAR Procedure in Cosmetology*</b>	Dr. Subbotina
November 15-17	8:00 am – 5:00 pm	<b>Stress and Pain Management*</b>	Dr. Revenko
November 18	8:00 am – 5:00 pm	<b>RISTA-Diagnostics in SCENAR- Therapy</b>	Dr. Revenko

\*The Courses are for those who have completed *General SCENAR Concepts: Theory & Practice*, or its equivalent for Level 1-2; Participants registering for these courses must show the proof of previously completed Scenar Courses for Level 1-2 or must register for the *Course General SCENAR Concepts: Theory & Practice November 13-14, 2009*.

**Dr. Revenko MD** – Neurologist, Reflexologist, Physiotherapist, the Founder of SCENAR medicine, President of *the International SCENAR Academy*

**Dr. Subbotina MD** - Reflexologist, Homoeopath, Pediatrician  
Leading Lecturer of the *International SCENAR Academy*

# SCENAR TRAINING

General Scenar Concepts - Composition of Scenar Procedure - Stress and Pain Management - RISTA-Diagnostics

New York - Stamford, CT

November 13-18, 2009

13-14- November 2009

## -“General Scenar concepts: theory & practice“

- SCENAR therapy as a new medical technology
- Holistic principles of SCENAR Therapy
- Physics - impulse peculiarities
- Devices (basics: structure, on/off, basic setting, Energy)
- Patient responses
- General zones and Zones of common complaints
- Emergency principles
- Healing rules (Hering, Vitthoukas, Reckeweg)
- Holographic principles
- Energy/Informational methods
- Informational Cleansing
- Small / Large Crosses
- Running Wave
- Spirals and Chakra's therapy and Meridian's methods
- Vaccination and Anti Pain methods

15-16-17 November 2009

## -Composition of Scenar procedure in Cosmetology “

- Subject of dermatology (acne, warts, blisters, spots);
- Derma-cosmetology and esthetic medicine;
- Anti-aging program;
- Anti-cellulites program;
- Methods of the weight reduction/weight loss;
- Rejuvenation through SCENAR Therapy;
- Skin lifting (face, limbs, breast, buttocks);
- SCENAR Therapy for hair and nails disorders;
- SCENAR Therapy of scars;
- The role of SCENAR therapy in plastic surgery;
- Concepts of Energy - Information medicine: health, adaptation, disease, healing laws;
- Principles of the building and designing of the procedures during SCENAR course: sequence of the choice of the methods following healing rules and hierarchy principles;
- Groups of the methods: - drainage methods - energy methods - mental methods - adaptation system methods- local treatments (new approach);
- Education through practice.

15-16-17 November 2009

## -“Stress and Pain Management “

- History, philosophy, scientific notions to pain;
- Orthodox and alternative aspects of pain;
- Development of the scientific studies of pain;
- Different types of pain; Principles of the designing of SCENAR procedure;
- Special anti-pain methods in treatment: Carpal syndrome; Tennis elbow; Frozen shoulder; Spondilosis; Disk Hernia; Myo-fascial pain; Heart pain; Migraine
- Anti-stress program;
- Education through practice.

18 November 2009

## - “RISTA-diagnostics in SCENAR-therapy“

- Method Nakatani, history of the method, concept of Riodoraku - lines;
- Mechanisms of RISTA measurement;
- Concepts of meridian, their features, clinical symptoms;
- 7 principles of the diagnostics of meridian;
- Normal indications in RISTA diagnostics;
- The Schemes of the conclusions on meridians;
- Models of TCM (Chi, Chgan and Phu organs, Yin - Yang, U – Sin
- Principles of TCM in SCENAR Therapy (along circle of the circulations to energy, Lo and Shu points, along LMM);
- Rules of the choice of meridian for treatment: methods of the processing meridian, using outside electrodes;
- Codes for SCENAR Therapy;
- Visualization of dynamics in SCENAR therapy using RISTA maps;
- Using RISTA maps for home users of SCENAR devices (the schemes of recommendations).

The educational program is approved by Ministry of Health, Russia.

REGISTER EARLY  
AND SAVE \$50!

We believe this important SCENAR event will help all participants to gain new knowledge and techniques to apply in their practice.  
We look forward to meeting you at the SCENAR Training in NY region - Stamford, CT.
